

Supply List for Quilt Canada 2020 Workshop

Instructor:	Marianne Haak
Workshop Title:	Wonky Curved Piecing
Type:	Machine
Date & Time:	Friday, June 19, 2020, 8:30 am - 4:00 pm
Location:	Edmonton Convention Centre, Salon 19/20
Kit Fee:	NA

CQA/ACC Supplies:

Sewing Machine
Sewing Machine Feet – ¼" Walking Foot
Sewing Machine Bobbin
Iron and Ironing pad (shared)

Student Supplies:

Batting (Warm and Natural or something similar)
Fabric
Backing Fabric
Rotary Cutter
Cutting board
Sharp Sewing Shears
Thread
Pins
Marking Tool

FABRIC AMOUNTS to create a finished 18" block:

USING FAT QUARTERS:

Each 18" block requires two fat quarters, one for the front and one for the back.
Approximately a meter of coordinating fabric for binding and joining strips.
For example: if you are making eight blocks bring eight different coloured fat quarters for the front of the quilt and eight more for the quilt block backs.

USING REGULAR YARDAGE:

.75 meters per block in various colours. This would include enough fabric for the front and the back of each block and also give you some variety for the joining strips and binding.

BATTING: My preference is Warm and Natural or something similar.

As many twenty inch squares as needed to finish your project, plus a little extra for inside the wide joining strips.

FABRIC SUGGESTIONS:

100% cotton quilting fabric

solid or tone on tone type fabrics

minimal amount of prints...as the blocks have quite a high visual impact.

a variety of colours that work well together

mix of values (light, dark and medium)

a few similar colours in different values work well giving you a subtle shading effect.

Adding some contrasting values gives your design interest and definition

Depending on how many blocks you are making...a minimum of four colours and a maximum of twelve.

SUGGESTED PREP WORK:

Cut as many twenty inch batting and backing squares as required for the size of your project.
