

Row of the Month
Row #5 - Flying Geese

The block this month is the Flying Geese Block. There are many methods to making Flying Geese. I will detail one method here. But, if you wish to use another favoured method, please do so. I have chosen to show this "Stitch & Flip" method so that you can have maximum scrappiness.

You will be making 28 Flying Geese (FG) Blocks, each finishing at 1.5" x 3" (2" x 3.5", unfinished).

Happy Stitching Everyone!
Irene

Fabric Requirements (for ONE Flying Goose Block):

- 1 @ 2" x 3.5"
- 2 @ 2" x 2"

Piecing Instructions:

1. Draw a diagonal line on the back of the two 2" x 2" squares.

Piecing Instructions (Continued):

2. Place a square on top of the left hand corner of the rectangle, right sides together. Ensure the diagonal line angles from the top centre to the bottom left, as shown.

3. Stitch one thread to the outside of the diagonal line.

4. Leaving a 1/4" seam allowance, trim off the corner of the rectangle.

5. Turn back the triangle and press.

6. Repeat the process with the second 2" x 2" square on the other corner of the rectangle. The squares will overlap at the top edge at the centre.

7. Stitch one thread to the outside of the diagonal line.

8. Trim the 1/4" seam allowance.

9. Turn back the triangle and press.

10. Your FG unit should measure 2" x 3.5". Trim if necessary.

Repeat, and make a total of 28 FG units.

Assemble The Row:

Lining up seams, sew blocks together to make your row. Press seams to one side, or press open, it's up to you!

Your row should measure 3.5" x 42.5"
