

Supply List for Quilt Canada 2022 Workshop

Instructor: Jacquie Gering
Workshop Title: Geometric Rotational Quilting
Date & Time: Friday, June 17, 8:30 am – 11:30 am
Location: Vancouver Convention Centre East – See signage when you arrive for room
Kit Fee: N/A
Kit Includes: N/A

CQA/ACC Supplies:

- Sewing machine

- Walking foot

- Bobbins for machine

Student Supplies:

- The WALK 2.0 book is highly recommended for this class.
- Pillow or chair pad to help you be at the right height for quilting. Chairs at workshop venues can be very low. (Recommended)
- Small cutting mat and rotary cutting supplies
- Extra sewing machine needles for quilting
- Thread for quilting
- I recommend 50 weight aurifil thread in both the top and bobbin to start. Thread that contrasts with your practice sandwiches will help you see your quilting stitches better while practicing.
- Quilting gloves (optional)
- 6" x 24" acrylic ruler
- Tweezers or a stiletto to pull up bobbin thread
- *Fabric safe marker (s) – Please make sure your marking tool contrasts with the fabric in your quilt sandwiches. Seeing the markings is important for this class.
- Practice quilt sandwiches should be whole cloth and solid fabrics.

(3) 18" x 18" prepared quilt sandwiches for practice (top, batting, and backing)

Please make sure that the quiltable area is the full 18" and that the backing and batting extend at least 1" on each side of the top of the sandwich.

1. Please use solid fabrics for your quilt sandwiches.

2. Please spray or thread baste your sandwiches. We will be doing intensive marking and pin basted sandwiches will not work.

- Fabric for Quilt As You Go

10" x 20" strip of fabric that matches your practice sandwiches

6" x 20" strip of batting that matches what is in your practice sandwiches

- Notebook or sketchbook and pencil

Four 8 1/2" x 11" sheets of heavy cardstock

Scissors for cutting paper

Snips

- *Optional thread for quilting

You are encouraged to try different thread weights in your design. In addition to the 50 weight thread you may want to try 40 or 28 weight threads.

- *Needles for quilting

Please bring quilting, sharps or topstitch needles in sizes that correspond with the thread weights you choose to bring. 80/12 and 90/14 needles should work with the threads listed above.

If you have any questions about preparation, materials, or equipment for the class, don't hesitate to contact me at jacquietps@gmail.com.

- Machine needles - bring quilting, sharps or topstitch needles in sizes that correspond with the thread weights you choose to bring. 80/12 and 90/14 needles should work with the threads listed above.

Note: The class will focus on the design, marking and quilting of these designs, not on the construction of the pillow. You are welcome to bring pillow finishing supplies. You know yourself the best whether you work fast or slow, so use your best judgment.
